[Old Testament](#): God inspired Joseph to store grain in order to keep Israel alive during the Egyptian famine; King Solomon built store cities throughout all the land of his dominion.

[The Millennium](#): There will be no more famine.

PROGRAM OF SATANIC DUPLICATION

[Church Age](#): Transnational corporations create genetically-modified seed and environmental organizations are setting up seed store houses.

[Tribulation](#): Wars and resulting famines will eliminate 1/4 of the world's population; the World Food Authority will distribute seeds globally. Genetic engineering of crops will cause famines because the seeds that are produced are sterile. Seed sanctuaries will be storehouses for organic seeds.

[Great Tribulation](#): The Antichrist will control the world's food supply and use it for behavior modification; only those who receive the Mark of the Beast will be able to buy food.

PROPHETIC DISPENSATIONS

PROGRAM OF GOD

OLD TESTAMENT

- **God inspired Joseph to store grain in order to keep Israel alive during the Egyptian famine.**

Then Joseph said unto the people, Behold, I have bought you this day and your land for Pharaoh: lo, here is seed for you, and ye shall sow the land. And it shall come to pass in the increase, that ye shall give the fifth part unto Pharaoh, and four parts shall be your own, for seed of the field, and for your food, and for them of your households, and for food for your little ones. And they said, Thou hast saved our lives: let us find grace in the sight of my lord, and we will be Pharaoh's servants. Gen. 47:23-25

- **King Solomon built store cities throughout all the land of his dominion to feed the people in the event of drought and famine.**

And he built Tadmor in the wilderness, and all the store cities, which he built in Hamath. Also he built Beth-horon the upper, and Beth-horon the nether, fenced cities, with walls, gates, and bars; And Baalath, and all the store cities that Solomon had, and all the chariot cities, and the cities of the horsemen, and all that Solomon desired to build in Jerusalem, and in Lebanon, and throughout all the land of his dominion. - II Chron. 8:4-6

When heaven is shut up, and there is no rain, because they have sinned against thee; if they pray toward this place, and confess thy name, and turn from their sin, when thou afflictest them:... If there be in the land famine, if there be pestilence, blasting, mildew, locust, or if there be caterpillar; if their enemy besiege them in the land of their cities; whatsoever plague, whatsoever sickness there be; - I Kings 8:35,37

THE MILLENNIUM

- **There will be no more famine.**

They shall not hunger nor thirst... - Is.49:10

And the tree of the field shall yield her fruit, and the earth shall yield her increase... - Ezek.34:27

PROGRAM OF SATANIC DUPLICATION

CHURCH AGE

- **Corporations are creating genetically modified sterile seeds with the possible objective of eugenics through localized famines.**

"In nature's cycle, one harvest creates the next. But [science](#) has come up with a method to stop that cycle and to make crops sterile. It is the result of genetic engineering. Researchers have found a way to implant a kind of genetic switch in crops that can terminate their ability to reproduce. Its critics have dubbed it 'terminator technology' and they are appalled by it. Margaret Mellon of the Union of Concerned Scientists calls it, 'a technology that doesn't improve yields, doesn't increase the nutritional value of food, but does only one thing. And that is it sterilizes the plants. It produces dead seed.'

"But big agribusiness companies are very interested in it. 'We believe this technology has the potential for agricultural biotechnology in terms of gene control devices in plants,' says Jack Watson of Monsanto. Companies such as Monsanto want that control. They argue they spend millions on research, creating genetically altered crops and that their profits come from selling farmers the seed. To protect those profits, Monsanto now patents much of that seed, actually making it illegal for farmers to save and reuse it. When farmer David Chaney did just that, Monsanto sent a private detective to his farm. Monsanto sued him and dozens of other farmers. They also bought radio time to warn others that offenders stand to lose hundreds of dollars per acre.

Banned by [World Bank](#)

"But if the seed-sterilizing technology gets approved, Monsanto would not need to investigate or sue. It would have a genetic lock, guaranteeing farmers would have to buy its seed every season. That has many alarmed. The World Bank's agricultural network has banned the technology fearing that sterile seeds could spell disaster for millions of farmers and creating the possibility of a localized famine." - [322](#)

"In the past 15 years genetically-engineered foods have become so commonplace that many scientists fear the genetically-modified genes corporations have spliced into everything from fish and fowl to fruits and vegetables have already permanently altered the world's food supply. Some of these genetically-engineered foods may be intended to accomplish the same [population-reduction](#) goals as [Eugenics](#).

"Many Western European nations no longer allow the importation of U.S. produced meat, grain, dairy or produce because they fear that all have been contaminated with modified genes, pesticides, artificial hormones and animal feed containing fecal matter and ground up diseased animal tissues. While priding ourselves on being the only remaining superpower, we the American people have become lab rats for the corporate interests that actually run this country." - [451](#)

- **Natural organic seeds are being stored in sanctuaries that are controlled by community trusts.**

"We call for a worldwide movement to create local seed sanctuaries...without the use of artificial [chemicals](#), thereby creating a proficient and reliable source of organic seeds... We call for the recognition of all such organic seeds and all life forms, as sacred and thus, protected from patenting, legal ownership of any kind, and/or genetic engineering. These seeds are to be held in community trusts for free exchange with other communities." - [321](#)

- **Famines will result from pre-Tribulation wars.**

For nation shall rise against nation, and kingdom against kingdom: and there shall be famines, and pestilences, and earthquakes, in divers places.- Matt. 24:7

Humanitarian organizations are increasingly faced with situations which have the following characteristics:

- War is an important factor favouring the emergence of famine and limiting the possibilities for taking remedial action.
- The warring parties have difficulty in perceiving the civilian population and humanitarian assistance as unrelated to any military interest.
- Too often, the raison d'être of military operations is to destroy the population's livelihood, not merely to attack strictly military objectives.
- Under the threat of famine, people fear destitution as much as starvation.
- Destitution results from attacks on resources, social structures and the peoples' cultural identity, and the accentuation of this trend is resulting in a growing synergism of famine and hostilities. - [762:549-557](#)

- **Famine will be one means used to destroy the United States, however, information about this planned catastrophe is being suppressed by the Synagogue of Satan.**

"When Kay Arthur took the stage you could just tell that her spirit was heavy and there was a certain 'heaviness' in the atmosphere even before she started to speak. She said that she had been literally physically sick to have to bring us this message and right out the gate she said, 'We are in grave danger.' She said that God had revealed to her that a literal famine is coming to America. Physical, not spiritual. She said that God is moving in judgment against our nation. I know I can't describe this well enough, but the atmosphere was ominous. Kay is a seasoned speaker and she had to BATTLE to get through her message. She stumbled over scriptures and had an extremely difficult time. At times I was almost expecting her to collapse. At one point she just had to stop and pray. There was no person, myself included, that I could see who did not have tears streaming down their faces. As you may know, Kay Arthur is normally a very confident, composed speaker, but she was literally in a spiritual battle and it was taking place right before my eyes. I have never seen anything like it." - [1136](#)

- **LifeWay Ministries, an offshoot of the Masonic Southern Baptist Convention, followed up with damage control:**

"I addressed 20,000 ladies at the Deeper Still conference in Atlanta, Georgia on June 28. And although Precept cannot make the audio from my message available to you due to contractual considerations with LifeWay,... Precept Ministries International has been overwhelmed by the outpouring of support for the call to personal and national repentance Kay delivered at Deeper Still in Atlanta. However, we were forwarded an email that attributed 'a revelation about famine' to Kay which was incorrect... 'She (referring to me) said that God had revealed to her that a literal famine is coming to America. Physical, not spiritual.' Since I did not 'have a revelation' and I am wary of such proclamations, I had LifeWay, the sponsors of Deeper Still, send me a CD of my message as I wanted to know exactly what I said. I said, 'we (Americans) are set for famine.'" ..." (Kay Arthur) - [1137](#)

See: [The Southern Baptist Convention*](#)

- **The Baltic Dry Index, which charts the price of shipping raw materials, including grains, fell 93% in last half of 2008.**

"Collapsing consumer confidence means that manufacturing industry across the world is slowing down and this has meant a slump in demand for raw materials. As a result there has been a collapse in the Baltic Dry Index, which tracks the cost of chartering ships to shift raw materials such as iron ore, coal and grains. Since June the index has fallen by more than 90 per cent... The rate for chartering container ships, which transport manufactured goods, has fallen by 30 per cent in the last few weeks." - [1139](#)

"This is something not everyone is talking about. The Baltic Dry Index or the BDI is a number issued daily by the London Based Baltic Exchange. Now this index provides an assessment of the price of moving major raw materials by sea in the shipping containers you see if you're ever by the ports. Now taking in 26 shipping routes, measured on a time charter and voyage basis, everyday the Baltic canvases brokers around the world and ask how much it will take to book various cargos of raw materials on various routes. Now the Index is made up of an average of the carriers and the other indices, and these indices are based on a professional assessment made by a panel of International Ship Broking Companies. Why do the economists follow it?

"The Index measures the demand for shipping capacity versus the supply of dry bulk carriers. Now the demand for shipping varies with the amount of cargo that's being traded and moved in the various markets. Now here's what is interesting with the current developments - The Baltic Dry Index falls 93 %, this is definately a WARNING sign. It's a direct indicator of the health of the vital worldwide shipping and supply activity as well as a potential health of the global economy and it's recently slipped more than 93%. It's value has gone from over 11,000 to less than 800 with little except for a floor of 0 to suggest the slide will stop in the near future.

"This means that worldwide the demand for cargo ships and more importantly raw material that goes into everyday items that you and I buy has come to a near stand-still. This is major, major news folks and they're NOT talking about it. This is an indicator of the MASSIVE WORLDWIDE slump and LIKELY FORESHADOWS MORE ECONOMIC WOES. Not just for the U.S. but the ENTIRE globe. Everything that's getting shipped is coming to a stand-still." - [1138](#)

TRIBULATION

- **War and famine will eliminate 1/4 of the world's population.**

...and there shall be famines... - Matt-24:7

And when he had opened the THIRD SEAL...I beheld, and lo, a black horse; and he that sat on him had a pair of balances in his hand. And I heard a voice in the midst of the beasts say, A measure of wheat for a penny, and three measures or barley for a penny; and see thou hurt not the oil and the wine. - Rev.6:5-6
 And when he had opened the FOURTH SEAL...behold a pale horse: and ... power was given unto them over the fourth part of the earth, to kill with hunger... - Rev.6:7-8

- **All food will eventually come under the control of a world food authority.**

"...the [Food and Agricultural Organization]...calls for the creation of a World Food Authority." - [76:11](#)

GREAT TRIBULATION

Therefore shall her plagues come in one day, death, and mourning, and famine... - Rev.18:8

- **Food will be used by the United Nations as a means of behavior modification.**

"'Food is Power.' We use it to change behavior. Some may call that bribery. We do not apologize,' [says]...Catherine Bertini at the recent United Nations World Food Summit" - [78:1](#)

PERSONAL APPLICATION

"Although the fig tree shall not blossom, neither *shall* fruit *be* in the vines; the labour of the olive shall fail, and the fields shall yield no meat; the flock shall be cut off from the fold, and *there shall be* no herd in the stalls: Yet I will rejoice in the LORD, I will joy in the God of my salvation. The LORD God *is* my strength, and he will make my feet like hinds' *feet*, and he will make me to walk upon mine high places...." - Habakkuk 3:17-19

8-B. TREE OF LIFE (Transgenic Trees)

PREMISE

- God's people will have access to the heavenly Tree of Life in their eternal state.
- Satan's people will eat genetically modified foods from transgenic trees during the Golden Age.

Satan's Counterfeit	Pre-Flood Era	Old Testament	Church Age	Tribulation	Great Tribulation	Golden Age	New Heavens & New Earth	

PROGRAM OF GOD

[Pre-Flood Era](#): After the Fall, God prevented man from eating from the Tree of Life.

[Tribulation](#) (beg): At the rapture, the Bride of Christ will gain access to the Tree of Life in the heavenly Paradise.

[The Millennium](#): Fruit trees with healing properties will line the river flowing from the Temple area in Jerusalem.

[New Heavens & New Earth](#): God will create the Tree of Life that bears twelve fruits in the New Jerusalem.

PROGRAM OF SATANIC DUPLICATION

[Church Age](#): Man created genetically altered fruit trees.

Tribulation: Genetic engineering of crops will attempt to create a counterfeit "Tree of Life" that is purported to bring healing to the nations. Drugs which protect against heart and other diseases may be introduced to the process of plant reproduction.

Great Tribulation: The effect of genetically engineering transgenic trees will be to neutralize the medicinal properties of plants and trees.

PROPHETIC DISPENSATIONS

PROGRAM OF GOD

PRE-FLOOD ERA

- **After the Fall, God prevented man from eating from the Tree of Life.**

And the LORD God said, Behold, the man is become as one of us, to know good and evil: and now, lest he put forth his hand, and take also of the tree of life, and eat, and live for ever: Therefore the LORD God sent him forth from the garden of Eden, to till the ground from whence he was taken. So he drove out the man; and he placed at the east of the garden of Eden Cherubims, and a flaming sword which turned Every way, to keep the way of the tree of life. - Gen. 3:22-24

TRIBULATION (beginning)

- **After the rapture, the Bride of Christ will have access to the Tree of Life in the heavenly Paradise.**

He that hath an ear, let him hear what the Spirit saith unto the churches; To him that overcometh will I give to eat of the tree of life, which is in the midst of the paradise of God. - Revelation 2:7

THE MILLENNIUM

- **Fruit trees with healing properties will line the river flowing from the Temple area in Jerusalem.**

And by the river upon the bank thereof, on this side and on that side, shall grow all trees for meat, whose leaf shall not fade, neither shall the fruit thereof be consumed: it shall bring forth new fruit according to his months, because their waters they issued out of the sanctuary: and the fruit thereof shall be for meat, and the leaf thereof for medicine. - Ezek. 47:12

NEW HEAVENS & NEW EARTH

- **God will create the Tree of Life that bears twelve fruits in the New Jerusalem.**

And he shewed me a pure river of water of life, clear as crystal, proceeding out of the throne of God and of the Lamb. In the midst of the street of it, and on either side of the river, was there the tree of life, which bare twelve manner of fruits, and yielded her fruit every month: and the leaves of the tree were for the healing of the nations. - Rev. 22:2

PROGRAM OF SATAN

CHURCH AGE

"The increasing demand for food is encouraging radical developments in biotechnology and the genetic manipulation of food crops...to protect plants from pests and diseases and to improve production, though the long-term effects are still unknown. Some fruits and vegetables may soon be genetically modified to protect humans from specific diseases: grapes that reduce the risk of heart disease, or bananas containing hepatitis B vaccine." - 60:48

TRIBULATION

- **Transgenic trees will begin appearing in the open market.**

"Scientists at Union Camp, Westvaco, and other paper companies are engineering sweet gum and cottonwood, among other trees, hoping to create a 'supertree,' one that grows faster than normal but retains hardness..."

While no permits for commercialization have been requested for transgenic trees...several different types of transgenic trees have been developed and are currently in field trials. It is anticipated that the first transgenic trees will start appearing on the open market in 3 to 5 years." - [705](#)

GREAT TRIBULATION

- **Tampering with genetic properties will neutralize the medicinal properties of transgenic trees.**

"Maize, for example, is considered by Mexican and other meso-american indigenous peoples as Sacred. Apart from all other dimensions (food safety, environmental safety, patents etc.) the transgenic contamination of Mexican indigenous varieties is considered as Spiritual Pollution. Indigenous people's representatives who tried to raise this point at the recent COP6 and ICCCP conferences in The Hague (Netherlands) were not given the floor. [*The Conference of the Parties (COP) to the Convention on Biological Diversity held its 6th meeting in The Hague, 7-19 April 2002 while the 3rd Meeting of the Intergovernmental Committee for the Cartagena Protocol on Biosafety (ICCP) took place in The Hague, 22-26 April, 2002...Moderator*].

Another question is what the effect of geneflow will be on the medicinal effects of the plants involved. For example, indigenous healers have expressed grave concern about the effects of transgenic papaya on the use of various parts of papaya in traditional healing practices. Similarly for many other foods, of which we in the North have long forgotten that they can be used medicinally." - [706](#)

PERSONAL APPLICATION

8-C. ABSTAIN FROM MEAT (Vegetarianism)

PREMISE

- God's people will be vegetarians in their eternal state.
- Satan's people will be vegetarians during the Golden Age .

Satan's Counterfeit	Pre-Flood Era	Old Testament	Church Age	Tribulation	Great Tribulation	Golden Age	New Heavens & New Earth	

PROGRAM OF GOD

[Pre-Flood Era](#): God created man as a vegetarian.

[Old Testament Period](#): God's covenant with Noah permitted man to eat meat.

[Church Age](#): God permits eating meat and vegetarianism, and prohibits judging on the basis eating habits.

[New Heavens & New Earth](#): Man will eat from the Tree of Life.

PROGRAM OF SATANIC DUPLICATION

[Pre-Flood Era](#): Mankind was vegetarian before the flood.

[Church Age](#): Demons are teaching men the Gnostic doctrine that abstaining from meat leads to regeneration.

Tribulation: Society will revert to pre-flood vegetarianism and behead those who do not comply.
Great Tribulation: Mankind will be constrained to practice vegetarianism in keeping with the Gnostic beliefs of asceticism and monasticism.

PROPHETIC DISPENSATIONS

PROGRAM OF GOD

PRE-FLOOD ERA

- **God created man as a vegetarian.**

And God said, Behold, I have given you every herb bearing seed, which *is* upon the face of all the earth, and every tree, in the which *is* the fruit of a tree yielding seed; to you it shall be for meat. - Gen. 1:29

OLD TESTAMENT PERIOD

- **God's covenant with Noah permitted man to eat meat.**

And God blessed Noah and his sons, and said unto them, Be fruitful, and multiply, and replenish the earth. And the fear of you and the dread of you shall be upon every beast of the earth, and upon every fowl of the air, upon all that moveth upon the earth, and upon all the fishes of the sea; into your hand are they delivered. Every moving thing that liveth shall be meat for you; even as the green herb have I given you all things. - Gen. 9:1-3

CHURCH AGE

- **God permits eating meat and vegetarianism, and prohibits judging on the basis of eating habits.**

For one believeth that he may eat all things: another, who is weak, eateth herbs... He that eateth, eateth to the Lord, for he giveth God thanks; and he that eateth not, to the Lord he eateth not, and giveth God thanks. - Rom. 14:2,6

NEW HEAVENS & NEW EARTH

- **Man will eat from the Tree of Life.**

In the midst of the street of it, and on either side of the river, *was there* the tree of life, which bare twelve *manner of* fruits, *and* yielded her fruit every month: and the leaves of the tree *were* for the healing of the nations. - Rev. 22:2

PROGRAM OF SATAN

PRE-FLOOD ERA

- **Pre-Flood vegetarianism is promoted to facilitate the return of mankind to the values of Atlantis.**

"[William Robertson Smith] sums up about the Greeks and the Egyptians when he writes: 'in their legend of the Golden Age it was told how in the earliest and happiest days of the race, when man was at peace with the gods and with nature, and the hard struggle of daily toil had not begun, animal food was unknown, and all man's wants were supplied by the spontaneous produce of the bounteous earth.'" - 376:132

CHURCH AGE

Now the Spirit speaketh expressly, that in the latter times some shall depart from the faith, giving heed to seducing spirits, and doctrines of devils; Speaking lies in hypocrisy; having their conscience seared with a hot iron; Forbidding to marry, *and commanding to abstain from meats*, which God hath created to be received with thanksgiving of them which believe and know the truth..- I Tim 4:1-3

- **St. Athanasius, who introduced monasticism into the Roman Catholic Church, promoted vegetarianism as the diet for a spiritual elite.**

"[Athanasius] divided people into three groups according to the intensity of their asceticism and control of their bodies... In the tripartate division of Christians in the *Festal Letter*, 'self-control' defined the lifestyle practised by Christians of the middle rank; here 'self-control' is the means by which a person ascends from the ranks of ordinary Christians and joins the ascetic elite.

"Athanasius outlined ascetic regimes for both groups of Christians that emphasized eating practices. The elite Christians ate vegetables instead of meat, drank water instead of wine, and in general enjoyed only 'sparse meals'." - [597:175](#)

- **Vegetarianism derives from Gnostic dualism, the belief that flesh is evil and therefore man must transcend the material world. In this confused belief system, eating plant products is somehow more 'spiritual' than eating animal products.**

"The Albigenses were part of a sect called the Cathari... They believed that worldly things represented the evil force and that the human spirit was the only good... The Albigenses opposed eating meat and other animal products." - [52:332](#)

"[Richard] Wagner called for Art's return to its high vocation of symbolically expressing divine truth, and he announced his program to redeem the world from materialism by the practice of symbolically conceived [music](#). He also...gave expression to the underlying anxiety which afflicted many of his readers. 'The deepest basis of every true religion we see now in the knowledge of the transitoriness of the world, and arising from this, the positive instruction to free oneself from it.' The composer's vegetarianism and his opposition to vivisection place him directly in the category of the Progressive Underground, and his vision of the coming regeneration of man matched the apocalypses of the greatest enthusiasts. There were those who 'set the basic precondition of the problem of regenerating the human race firmly in view.' But 'from a few superior members is heard the complaint that their comrades have taken up abstaining from flesh merely from personal consideration of diet, and in no way coupled with it the great ideals of regeneration which they must approach if the organization wants to win power.'" - [33:44](#)

"Many of Rudolf Steiner's ideas have been accepted and adopted by followers of the modern New Age movement... This new way of living embraced...vegetarian diets..." - [25:172](#)

- **Gnostics promote the benefits of vegetarianism through misinformation.**

"One of the great German scientists has shown that every kind of animal tissue, however you may cook it, still retains certain marked characteristics of the animal which it belonged to, which characteristics can be recognised. And apart from that, every one knows by the taste what meat he is eating. We go a step farther, and prove that when the flesh of animals is assimilated by man as food, it imparts to him, physiologically, some of the characteristics of the animal it came from. Moreover, [occult science](#) teaches and proves this to its students by ocular demonstration, showing also that this 'coarsening' or 'animalizing' effect on man is greatest from the flesh of the larger animals, less for birds, still less for fish and other cold-blooded animals, and least of all when he eats only vegetables." (H.P. Blavatsky) - [109](#)

"...the notorious theories which became bound up with Nazism are part and parcel of the search for 'immaterial reality'... The retreat from material reality took place with a few basic ideas--the evilness of

society as at the time constituted, the evilness of sacrificing animal life to live oneself, the necessity for 'spiritual' development, and the training of better men who were to follow..." - [33:55](#)

"It is known that Hitler carried with him into power one rejected theory which very definitely belonged to the underground of Central Europe -- this apart from the various racial theses, which were also widely diffused -- and...this theory was known in Hitler's early circle in Munich.

"...In this context the well-known fact that Hitler turned to vegetarianism is extremely suggestive...

"...Hitler did not become a vegetarian until *after* he started his political career. At his political meetings, Hitler recalled, he used to drink stein upon stein of beer; after he gave up meat he only needed a sip of water. In 1942 he was well equipped with a barrage of arguments and statistics on behalf of vegetarianism." - [33:299, 312](#)

- **The Myths of Vegetarianism**

MYTH #1: Meat consumption contributes to famine and depletes the Earth's natural resources. MYTH #2: Vitamin B12 can be obtained from plant sources. Of all the myths, this is perhaps the most dangerous. Vegans who do not supplement their diet with vitamin B12 will eventually get anaemia (a fatal condition) as well as severe nervous and digestive system damage. Claims are made that B12 is present in certain algae, tempeh (a fermented soy product) and brewer's yeast. All of them are false. MYTH #3: The body can convert omega-6 fatty acids into omega-3 fatty acids as it needs. MYTH #4: The body's needs for vitamin A can be entirely obtained from plant foods. Vitamin A is principally found in animal products. Plants do contain beta-carotene, a substance that the body can convert into vitamin A. The impression given by some vegetarian sources is that beta-carotene is just as good as vitamin A. This is not true. Firstly, the conversion from carotene to vitamin A can only take place in the presence of bile salts. This means that fat must be eaten with the carotenes to stimulate bile secretion. MYTH #5: Meat-eaters have higher rates of heart and kidney disease, cancer, obesity and osteoporosis than vegetarians. Such stupendous claims are hard to reconcile with historical and anthropological facts. All of the diseases mentioned are primarily 20th century occurrences, yet people have been eating meat and animal fat for thousands of years. Further, there are several native peoples around the world (the Innu, Masai, Swiss, Greeks, etc.) whose traditional diets are very rich in animal products, but do not suffer from the above-mentioned maladies. This shows that other factors besides animal foods are at work in these diseases. Despite claims that primitive societies are/were largely vegetarian, diets of native peoples the world over are rich in saturated fats and animal foods and, as noted above, heart disease and cancer are primarily modern diseases. MYTH #6: Saturated fats cause heart disease and cancer, and low-fat, low-cholesterol diets are healthier for people. MYTH #7: Vegetarians live longer and have more energy and endurance than meat-eaters. Explorers such as Vilhjalmur Stefansson reported great longevity among the Inuit (again, before colonisation). Similarly, the Russians of the Caucasus mountains live to great ages on a diet of fatty pork and whole milk products. The Hunzas, also known for their robust health and longevity, eat substantial portions of goat's milk which has a higher saturated fat content than cow's milk. In contrast, the largely vegetarian inhabitants of southern India have the shortest life-spans in the world. Russell Smith, PhD, referred to in myth #5, in his authoritative study on heart disease, showed that as animal product consumption increased among some study groups, death rates decreased! Such results were not obtained among vegetarian subjects. MYTH #8: The 'cave man' diet was low-fat and/or vegetarian. MYTH #9: Meat and saturated fat consumption have increased in the 20th century, with a corresponding increase in heart disease and cancer. MYTH #10: Soy products are adequate substitutes for meat and dairy products. On a purely nutritional level, soybeans, like all legumes, are deficient in cysteine and methionine, vital sulphur-containing amino acids. Soybeans are also lacking in tryptophan, another essential amino acid. Vegetarians are known for their high rates of iron and zinc deficiencies. MYTH #11: The human body is not designed for meat consumption. MYTH #12: Eating animal flesh causes violent, aggressive behaviour in humans. MYTH #13: Animal products contain numerous, harmful toxins. MYTH #14: Eating meat or animal products is less 'spiritual' than eating only plant foods. MYTH #15: Eating animal foods is inhumane. Before you get on some kind of crusade against the myths, I invite you to inform yourself by first reading the [whole article](#), which carries complete references to peer-reviewed

studies and many respected journals including the Lancet. An uninformed opinion carries no scientific merit." - [703](#)

- **At mid-Tribulation, the Roman prince, the Pope, will put an end to the Jewish sacrificial system in the Jerusalem Temple, perhaps claiming that the killing of animals is the abomination that causes desolation.**

And after threescore and two weeks shall Messiah be cut off, but not for himself: and the people of the prince that shall come shall destroy the city and the sanctuary; and the end thereof *shall be* with a flood, and unto the end of the war desolations are determined. And he shall confirm the covenant with many for one week: and in the midst of the week he shall cause the sacrifice and the oblation to cease, and for the overspreading of abominations he shall make *it* desolate, even until the consummation, and that determined shall be poured upon the desolate. - Dan. 9:26,27

"Many people around the world will be deeply angry concerning the rebuilding of the temple and, in particular, about the daily offering of animal sacrifices. I can hear it now. 'Animals have rights too! These sacrifices are barbaric! This is the 21st century!' The uproar from the animal rights activists will be deafening! Even the majority in Israel will be opposed to resumption of the biblical sacrifices. Those in favor of the sacrifices will be viewed as extremists and worthy of contempt. Of course, this is the same group that considers Judea-Samaria as the historic and biblical 'promise land.'" - [764](#)

GREAT TRIBULATION / GOLDEN AGE

- **Mankind will be compelled to revert back to the pre-flood vegetarian diet under the demonic guidance of monks whose gnostic belief system teaches that matter, and therefore the flesh, is evil.**

But as the days of Noe were so shall also the coming of the Son of man be...for as in the days that were before the flood they were eating and drinking... - Matt.24:37-8

"In this regard St. Basil (320-379 A.D.) [founder of Eastern [monasticism](#)] taught, The steam of meat darkens the light of the spirit. One can hardly have virtue if one enjoys meat meals and feasts.'

"In an article called 'The Golden Age Must Return: A Catholic's Views on Vegetarianism,' written by the Chairman of the Catholic Study Circle for Animal Welfare in London, Reverend Basil Wrighton, it establishes that a vegetarian diet is consistent with and required by the tenets of Christianity. The article further explains that the killing of animals for food not only violates religious tenets, but brutalizes humans to where violence against other humans becomes inevitable." - [763](#)

PERSONAL APPLICATION

For every creature of God *is* good, and nothing to be refused, if it be received with thanksgiving: For it is sanctified by the word of God and prayer.

If thou put the brethren in remembrance of these things, thou shalt be a good minister of Jesus Christ, nourished up in the words of faith and of good doctrine, whereunto thou hast attained. - I Tim. 4:4-6

For one believeth that he may eat all things: another, who is weak, eateth herbs. Let not him that eateth despise him that eateth not; and let not him which eateth not judge him that eateth: for God hath received him... I know, and am persuaded by the Lord Jesus, that there is nothing unclean of itself... For the kingdom of God is not meat and drink; but righteousness, and peace, and joy in the Holy Ghost. For he that in these things serveth Christ is acceptable to God, and approved of men. - Rom. 2:3,4,14,17,18

PROGRAM OF GOD

PRE-FLOOD ERA

- **God created the various species of animals of both male and female genders.**

And God created great whales, and every living creature that moveth, which the waters brought forth abundantly, after their kind, and every winged fowl after his kind: and God saw that it was good. And God blessed them, saying, Be fruitful, and multiply, and fill the waters in the seas, and let fowl multiply in the earth....

And God said, Let the earth bring forth the living creature after his kind, cattle, and creeping thing, and beast of the earth after his kind: and it was so. And God made the beast of the earth after his kind, and cattle after their kind, and every thing that creepeth upon the earth after his kind: and God saw that it was good. - Gen. 1:21-25

And of every living thing of all flesh, two of every *sort* shalt thou bring into the ark, to keep *them* alive with thee; they shall be male and female.- Gen. 6:19

THE MILLENNIUM

- **God will cause animals to become tame and gentle.**

The wolf and the lamb shall feed together, and the lion shall eat straw like the bullock. They shall not hurt nor destroy in all My holy mountain, saith the Lord - Is.65:25

PRE-FLOOD ERA

- **Antediluvian animals are believed by occultists to have been androgynous.**

Thou shalt in any wise set *him* king over thee, whom the LORD thy God shall choose: *one* from among thy brethren shalt thou set king over thee... But he shall not multiply horses to himself, nor cause the people to return to Egypt, to the end that he should multiply horses: forasmuch as the LORD hath said unto you, Ye shall henceforth return no more that way. - Deut. 17:15-16

CHURCH AGE

- **The occult controls genetic research on wild animals.**

"...Charles Darwin, who is truly the modern father of the new alchemy...not only restated man's origins from animals, but also lusted after co-evolution as expressed by willful hybridization of animal-human forms. His biographers record that he hounded veterinary laboratories and farms, importuning those he found to cross animal species." - [74](#)

TRIBULATION

- **Genetic engineering of animals will disrupt their reproduction and make them either docile or savage.**

And when he had opened the FOURTH SEAL...behold a pale horse: and ... power was given unto them over the fourth part of the earth, to kill... with the beasts of the earth. - Rev.6:8

GREAT TRIBULATION / GOLDEN AGE

"Many of biotechnology's specific products and areas of research are aimed at creating new forms in reality---new species---by asexual means, that reflect [esoteric doctrine](#), such as [Rosicrucian alchemical](#) precepts as [androgyny](#) and man's [transcendence of all moral absolutes](#) and even physical fixity..." - [320](#)
